Really a Human Being.

Really a Human Being.

The story is told in China that years ago a missionary made his appearance upon a platform there, and that the native orator who introduced him closed with these words:

"When I have finished a gentleman from the West is going to address you, vile is not a foreign demon. His appearance and his clothing may seem strange to you, but look carefully at him. He has two arms and two legs, two ears and two arms and two legs, two ears and two eyes, a nose (though at long one), and a mouth; and I assure you his testia age made of bone, just like yours. He is really a human being, and, I hope you will regard him as such. "New York Sun.

Mrs. Gorman Hurries to Greens boro in Response to Gittman's Telegram.

(Special to The Times-Dispatch.) GREENSBORO, N. C., March 5.-Asylum at Raleigh, examined by defense entire afternoon. In answer to hypothethalf to propound, he said on such state of facts, he should pronounce famlly of prisoner a block of neurotics of highly nervous people, made up of epilep ties, idiots, imbeciles and lunaties, and if facts related in question of prisoner's acts on day of wife's death were true, he was unquestionably insane. In reply to another hypothetical interrogatory witness gave the opinion that prisoner had been insane for more than twelve months preceding wife's death.

Hypothetical Case

Hypothetical Case
On cross-examination, Solicitor Brooks put a hypothetical question based on acts detailed as having been committed by prisoner on day of wife's death in their presence, and received for answer that if those facts were true, prisoner was unquestionably insane. Solicitor Brooks abruptly told witnesses to stand aside and court adjourned.

At the morning session several domestics who had worked at the Matthews home the past two years, testified that the two were invariable courteous and affectionate to each other. Policeman Push testified that he witnessed their greeting when Matthews returned from Durham the night before the death and their manner was so affectionate it attracted bystanders attention are both were plainly heavily "doped."

Mrs. Gorman Testifies. Mrs. Gorman Testifies.

She hurried to Greensboro and was shocked on driving to door next morraing to learn brother was in jail on charge of murder.

Dr. Griffith, who worked on Mrs. Matthew's teeth Tuesday before she died, Friday testified she sighed as she left office and said she had found life was not worth living.

He also testified that the woman was badly addicted to morphine, resulting from its use for kidney trouble, and that Coroner Turner told him the day following her death that Matthews was certainly crasy.

Not Favored By Germany.

An official communication shows that Herr von Radowitz, first German delegate, admitted that of necessity the police force must be organized by the Sulton, but he claimed that there should be participation by all the powers represented at the conference. The German delegates' contention, therefore, is directly opposed to the Russian suggestion.

M. Revoil, the senior French delegate, expressed France's willingness to accept the Russian suggestion.

The Spanish delegates strongly supported joint Spanish and French control.
